## CCPA Rights

The CCPA allows California residents to request that a business that collects consumers’ personal information give consumers access, upon a verifiable consumer request, in a portable and (if technically feasible) readily usable form, to the specific pieces and categories of personal information that the business has collected about the consumer, the categories of sources for that information, the business or commercial purposes for collecting the information, and the categories of third parties with which the information was shared. California residents also have the right to submit a request for deletion of personal information under certain circumstances, although there may be legal or other reasons that Company must retain your information consistent with California law. We will not discriminate against you for exercising your rights

and choices, although some of the functionality and features available to you may change or no longer be available to you. Any differences in the services are related to the value provided.

Please submit your request by completing the Data Privacy Request Form located [here](#) or by calling 1-800-466-5113. Once we receive your request, we may verify it by requesting information sufficient to confirm your identity. If you would like to use an authorized agent registered with the California Secretary of State to exercise your rights, we may request evidence that you have provided such agent with power of attorney or that the agent otherwise has valid written authority to submit requests to exercise rights on your behalf. We reserve the right to deny requests in certain circumstances, such as where we have a reasonable belief that the request is fraudulent.
